THE HAWKEYE Insurance Company against fire, lightning and tornadoes, has done more business, paid more losses and has a larger surplus over all competitors than any other Iowa Company. It is purely a home institution, confining its business to Iowa alone. As to its standing among Iowa people, we refer to the above showing, which speaks for itself.

Protective Home Institutions and Industries is the watchword. Don't send your money out of the State when you can get a policy in one of the best Companies, Home or Foreign, by patronizing the HAWKEYE INSURANCE CO. of Des Moines, Iowa.

WASHINGTON LIFE INSURANCE CO.

OF NEW YORK.

ASSETS AND LIABILITIES

W. A. BREWER, JR.
PRESIDENT.

G. W. BREWER,
SECRETARY.

THE Forty-second Annual Statement of THE WASHINGTON LIFE INSURANCE COMPANY reveals a most satisfactory condition of its affairs. The foundation of substantial security on which its policies rest, tested by the most exacting standard, compels unquestioned faith in its ability to fulfil the promises made to its large and well satisfied body of policy holders. During the year covered by this annual statement the Company has paid for death claims, endowments and dividends \$1,145,000. The advanced rental of the Company's superb steamship fleet and increasing income from other sources without the aid of speculative ventures are practical endorsements of its business methods.

Since its organization the Company has paid to policy holders \$1,707,305 for the beneficial results of a trust so judiciously executed and promptly executed. More than forty years cannot be over estimated. The income distributed to the holders of its policies for the benefit of their families and for their own maintenance by means of endowments together with interest funds aggregates \$1,707,305, including a sufficient sum securely invested even on the assumption of a low interest rate. It is a complete record of the success of its business.

The liberal and just treatment personally of individuals by prompt payment of claims, dividends and surrender values abundantly sustains a reputation for which the Company has always been recognized.

The Company's cheerful compliance with the reasonable requests of its policy holders is seen in the loans made on their policies whereby prompt assistance has been afforded and relief afforded. Frequently presenting line of insurance a permanent profit to the policy that such insurance may be had and an unmistakable guide as to where to go.

A Great Manufacturing Enterprise

We have a manufacturing plant and our own raw material in limitless quantity, but want up-to-date machinery. Our product is wanted by everybody, and we have a reliable market for many years' output. It sells itself; so we have not to pay agents or give time; and in dull times, when labor is cheap, it sells best. The profits will be over 100 per cent. It is no experiment, for a similar factory that has been in operation for twenty-five years, working up the material that it gets on three sides of our supply, and is exactly like it, cannot meet the ever increasing demand for its product, and its profits are daily increasing. We secured our raw material first, and took the best; then the other factory bought on all sides of us.

We want to sell you some of our treasury stock to buy machinery to work up our raw material, so write at once for prospectus, price of stock and references to the

PLUMA MINING COMPANY, 304 Good Block, Des Moines, Iowa.

Some of the best and most conservative business men in Des Moines are now buying stock, for they at last realize the real merit and great possibilities of the mine and the earnestness and honesty of the directors.

Our product is gold, and the adjoining factory is the Homestake, the greatest gold mine in the world. The Homestake, when at the same stage that we are now, sold its stock at 30 cents on the dollar, and it is today worth fifty times that price and has produced \$400 of gold for each share issued. We should do as well, having the benefit of the Homestake's methods and experience.

WILL BUY YOU A HOME OR PAY OFF A MORTGAGE

For a small monthly payment **WITHOUT INTEREST.**

Make your monthly rent charges buy you a home.

IT CAN BE DONE. IT HAS BEEN DONE.

The Chicago Tribune is responsible for the statement that in Great Britain last year over 25,000 homes were purchased by institutions similar to this, and over \$25,000,000.00 were expended therefor.

How can this be done? By a consolidation and syndication of interests.

A government is a syndication of individuals for governmental purposes. A corporation is a syndication of a FEW men with GREAT capital in order to promote their financial welfare.

This Company proposes to syndicate MANY people with SMALL capital for the same purpose.

DO YOU WANT A HOME? Ask your wife about it?

Are your expenses such that accumulation is exceedingly slow?

We furnish you the best and most economic way of making you independent.

*Entered according to an Act of Congress, in the year 1902, by R. L. Polk & Co., in the
office of the Librarian of Washington, at Washington, D. C.*

Introductory.

CITY DIRECTORY OFFICE,

Oct. 30, 1902.

It is with pleasure we place before the Citizens of Des Moines, Volume XI of our Directory of the Capital City of Iowa, and in doing so, we feel a certain degree of pardonable pride to which we believe we are entitled, as we claim this to be the best directory ever issued for this city. The Information contained herein will be found as complete and correct as it is possible to make a directory, and we ask our patrons to bear with the few errors which may be found. No pains or expense has been spared to produce a directory second to none and we feel safe in saying that we believe our efforts in this regard will be duly appreciated.

POPULATION.

The Directory contains 38,942 names, a gain of 2,142 names as compared with a gain of 1,149 in the preceeding year. Deducting 6 per cent for firm names, leaves 36,606 names, which, multiplied by $2\frac{1}{2}$, the smallest number used by any directory company, shows the population to be at this time 91,515, an increase over 1901 of 4,115.

We desire to extend our thanks for the patronage given this issue of the work and the uniform courtesy with which our representatives have been met.

Yours respectfully,

R. L. POLK & CO.

STREET AND AVENUE GUIDE

EXPLANATION

IN ARRANGING "The Street and Avenue Guide" for the City of Des Moines, the following plan has been adopted (and approved by the city engineer): All streets on the west side of the Des Moines River have been designated by the same name or number alone, abolishing the prefix of west except in the case of numbered streets south of Vine; for example: Walnut, Vine, Grand av., Locust. In the case of the numbered streets, all north of Vine are designated as 1st, 2d, 4th, etc., and south of Vine, w so 1st, w so 2d, w so 3d, etc. Streets east of the Des Moines river which run through to the west side of and beyond the river are designated as e Vine, e Court av, e Walnut, e Locust, etc., the numbered streets north of Vine as e 1st, e 2d, e 3d, e 4th, etc., and south of Vine as e so 1st, e so 2d, e so 3d, etc. Streets on either side of the Des Moines river which do not run through from west to east Des Moines, are designated by their names without any prefix; for example: Maple, Buchanan, School, University, etc. If located south of the Raccoon river, the name of the street is followed by (S D M); if north of the Des Moines river (Highland Park).

The following abbreviations are used: Av for avenue, al for alley, bet for between, boul for boulevard, D M for Des Moines, n for north, rd for road, s for south, w for west, e for east, nw for northwest, sw for southwest, junc for junction, opp for opposite, dr for drive following the description of each street or avenue will be found the names of intersecting streets, in the order of their intersection.

Flour Mill and Grain Directory

OF THE UNITED STATES AND CANADA.

NUMEROUS inquiries for a complete and reliable Directory of Flour Mills and Grain Dealers of the United States and Canada have induced us to utilize our unequalled facilities in the compilation of the work. Among the more important features are

- List of all Mills, U. S. and Canada—capacity of each.
- Kind of Power Used.
- List of Cereal Mills—Buckwheat, Rye, Barley, Etc.
- Grain Elevators.
- Grain Brokers and Commission.
- Grain Buyers and Shippers.
- Flour Exporters.
- European Flour Importers.
- Wholesale Flour Merchants, U. S. and Europe.
- Wholesale Bakeries.
- Mill Supplies.
- Mill Machinery Manufacturers.

It is replete with information valuable and of interest to the Practical Miller, the Grain Dealer, the Machinery Manufacturer, and to all either directly or indirectly interested in milling, grain or allied trades.

DRAKE UNIVERSITY

HILL M. BELL, Acting Chancellor

Young men and young women desiring an education should note the advantages offered in DRAKE UNIVERSITY.

The College of Liberal Arts offers many inducements to those desiring a thorough collegiate training. The numerous elective courses leading to the different baccalaureate degrees are deservedly popular. The combination courses with Bible, Law, and Medicine are unusually attractive. These combined courses enable the student to save one or two years in time.

The College of Law is not excelled by any other in the West.

The College of Medicine maintains an exceptionally high standard. The hospital facilities accessible to the student are very superior.

The College of the Bible is one of the largest in the United States.

The Conservatory of Music has the ablest faculty maintained by any Music school in Iowa. The prices are moderate.

The College of Pharmacy is growing in popularity and in efficiency. Its graduates are given state certificates to practice their profession without examination.

The Dental College begins the new year with new equipment and with the brightest of prospects.

TEACHERS

Have their choice of a number of excellent courses in DRAKE UNIVERSITY.

1. The State Diploma Course.
2. The State Certificate Course.
3. The County Certificate Course.
4. The Kindergarten Teachers' Training Course.
5. The Primary Teachers' Training Course.
6. The Public School Music Supervisor's Course.

The University takes special care to find desirable positions for teachers who finish any of these special courses. Every teacher graduating in 1902 was located at a good salary. We are not able to supply the demand for well trained teachers.

The Oratory School is well known throughout the West as one of the very best in the country.

The Commercial and Shorthand Schools are growing rapidly because they do efficient work and because the prices are reasonable.

The College Preparatory School is well equipped to do most satisfactory work.

The expenses here are as low as at any other school offering equal advantages.

Each college and special school is represented by a special announcement. Send for the one in which you are interested.

All correspondence regarding any of the colleges or special schools in order to receive prompt and careful attention should be addressed to

Phil Klumb's Best Cigars

The Best Ten-Center Made. All Havana.

This Cigar has been on the market as a Ten-cent Cigar for 23 years, and it is still the same as when started. We do not use seed filler and call it Havana. Smoke the HAWKEYE and you always get your money's worth.

The Friend of the People. It is better than a great many Ten-cent Cigars.

Do Not Make a Mistake.

Have You Investigated the

Hot Dry Air Treatment?

... If in ill health it will be
wise to do so. It cures where
all other methods have failed.

THE THERMAL BATH is the quickest easiest and most effective means for
purifying the blood known to man.

We are graduated in Osteopathy and Electro-Therapeutics Our Electric
Equipment is complete. The merits of Osteopathy are too well known to need
comment. By combining these three methods we can cure all curable diseases
in the least possible time.

Among the diseases which have been successfully treated by us are Rheuma-
tism, Gout, Kidney and Liver Troubles, Skin Diseases, Obesity, Catarrh, Female
Troubles, Gall Stones, Goitre, Tuberculous Hips, Throat (and Lungs in early
stages), Dropsy, Chronic Throat Troubles, Spinal Curvature, all troubles aris-
ing from poor circulation or impure blood, as well as diseases of nervous origin.

We have cured fully 95 per cent of all cases who have given us a fair trial.

addition to the city of Des Moines. We placed this addition on the market October 10, 1902, and have already disposed of quite a number.

WE ARE BUILDING HOUSES in this addition and selling them on the INSTALLMENT PLAN. We plan to build FIFTY HOUSES, no more, no less, in the next twenty-four months.

Do You Want a Home?

We are forming a CLUB OF FIFTY, and have a dozen members now.
WILL YOU JOIN US? You can get in before the fifty members are obtained. YOU CAN'T GET IN, afterwards.

NOW HURRY; and call on us and let us explain our plan. NOW is your opportunity to get a home and stop that ETERNAL WASTE, rent.

We buy and sell real estate and do a General Real Estate business, collections, etc. Notary in office.
